

What to Expect

Upon Completion, Graduates Will

- Be able to contribute positively to their schools and fill the need of training future student leaders of clubs and organizations
- Have an increased awareness of the community outside of school and personal activities
- Have an increased sense of self-worth, enhanced critical thinking and problem solving abilities fostered through real-life applications
- Be better equipped to take on leadership roles at colleges and in careers
- Become future leaders of our city and beyond and be catalysts for positive change
- Have strong connections to, and become an integral part of, the future success of Johns Creek
- Be empowered to serve their community and prepare for future jobs

Vision of Student Leadership Johns Creek

The Johns Creek Student Leadership Program equips students with opportunities to acquire and implement leadership skills in their schools and community to become catalysts for change.

Mission of Student Leadership Johns Creek

To foster the development of area High School students' leadership skills through various experiences and opportunities.

Student Leadership Johns Creek 2014 – 2016 Program

The success of Leadership Johns Creek, a 501c3 non-profit, has prompted the creation of Student Leadership Johns Creek (SLJC), a collaborative effort of our business and civic community to provide leadership training to our local youth.

Program Description

Student Leadership Johns Creek is a program for emerging leaders in their sophomore and junior years. Students apply in January of their Freshman or Sophomore years for the two year program. Applicants are accepted from Centennial, Chattahoochee, Johns Creek and Northview High schools.

The program is run by an advisory council under the board directorship of Leadership Johns Creek, a 501c3 non profit in collaboration with Fulton County Schools.

EMORY JOHNS CREEK HOSPITAL

Thank you to Emory Johns Creek Hospital for Their Continued Support!

In year one of this two year leadership program, leadership skills will be developed through a series of structured learning experiences and then utilized in the completion of community service projects. In the second year, students will focus on implementing the skills learned during year one. The goal is for the students to become catalysts for change in their schools and communities.

A class of approximately 30 young adults will be selected from area Johns Creek high schools and will be introduced to a core curriculum of leadership skills including goal setting, project management, team building, and communication skills. Opportunities will be provided to explore local, county and state governments.

Students will be able to identify areas of need within the community where they can put their leadership skills and knowledge into practice by planning and implementing community service projects. Graduates will then facilitate leadership training and development at their respective schools, under advisement of the school's faculty sponsor.

Who Should Apply?

Students who are currently freshmen or sophomores who have demonstrated either solid or emerging leadership qualities in school, places of worship or in community service activities should apply. Students will submit an application, and a selection committee will approve candidates, in February, 2014 for the 2 year program year beginning Aug. 2014.

What Participants and Parents Should Expect

- Interactive and experiential learning including skills practice and team work
- Safe environments in which to learn about and discuss important issues
- Increased confidence and self esteem
- Improved critical thinking and problem-solving abilities
- Opportunities for real-life applications of learned skills
